AYER'S

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

In feeling to bear testimony to the many cures I have effected of diseases of the throat and lungs, by the use of your Cherry Pectoral, I do not deem it necessary to publish certificates of individual cases. Suffice it to say, that I have for several years made it my constant study to ascertain the best remedies for the various complaints which afflict mankind, and have used, and prescribed for my patients, all the most valuable expectorants now before the public; but I have found none which have proved so uniformly efficacious as your Cherry Pectoral. Its penetrating and healing properties seem to go directly to the seat of the disease, and to overcome it by the most natural process. Hence it is the best remedy we can employ for the relief of the sick, and the most reliable protection of the well, that has ever been discovered.

Yours, with great respect,

CHARLES H. CLEAVELAND, M. D.

Cleveland, Ohio, Dec. 1, 1849.

From an Overseer in the Hamilton Mills in Lowell

Lowell, Mass., Dec. 1, 1849.

Dr. J. C. AYER—Sir: I have used your Cherry Pectoral in my family for several years, and have found it the best medicine for coughs, colds, and lung complaints I have ever known. I have recommended it to my friends and neighbors, and they have found it to answer every purpose. I have also used it in my own case, when I was confined to my bed with a severe attack of the Bronchitis, and was relieved by a few doses. I consider it the best medicine for the throat and lungs in the market.

Yours, with respect,

JOSEPH EMERSON, Overseer in the Hamilton Mills.

Read the following, and recollect that these are living witnesses, whose veracity cannot be questioned. Every one of them will tell you that the Cherry Pectoral has cured them, or relieved them of the most distressing diseases to which they were subject. Why will you suffer from Coughs, Colds, Bronchitis, Asthma, Consumption, or any disease of the throat and lungs, when you can be cured? Why will you permit your children to suffer when you can relieve them? Why will you let the Whooping-Cough, Croup, or Hoarseness, rack the frame of your child, when you can cure it? Why will you suffer Consumption to undermine the health of your family, when you can prevent it? Why will you suffer Asthma to torture you, when you can cure it? Why will you suffer Bronchitis to weaken you, when you can strengthen your lungs? Why will you suffer Sore Throat to run into Consumption, when you can cure it? Whig and Courier.

John S. Sayward, Editor.

THURSDAY, FEBRUARY 6, 1851.

☞ Our correspondent "D" touches upon an important subject to-day, but it treats it with unmerciful sarcasm, for which few men have so good an excuse, it being inwrought in his nature, and fewer still have so strong a right, he having paid a large sum which others should have contributed. —There is not a sufficiently clear idea in the public mind here, of the importance and necessity of such a work as that undertaken by the 'Police Missionary,' in order to arouse the public in behalf of the enterprise as a popular measure. It is a work if done at all, so far as hunting up children at large in the streets and getting them to attend the public schools, must be done by a few earnest, devoted, able men who are willing to do much in a noiseless way, or it must be done by the civil authority. We think the latter the most just and appropriate method; still as the civil authorities do not engage in it, our opinion is that the 'duty' devolves upon the benevolent community. But the community has not been aroused to the duty and the enterprize has fallen through, so far at least as the recent efforts conceived. Perhaps this is all the fault of the committees to whom the subject was given in charge, but we do not agree in the conclusion, certainly not to the point of exposing the public for their want of interest and action in the movement. We think it fully established that the evil propensities of children are more effectually counteracted, by the restraint and education of a school, than by the severity of a prison. The next point will be, we think, to recognize the propriety of an act of the legislature authorizing magistrates to send vagrant children, to an 'industrial school,'—finally, at the 'expense of their parents, and, secondly, at the public cost.' We have hitherto been too squeamish in touching the supposed rights of these outcasts, but the evil will not bear to be tolerated indefinitely. What can be neither cured nor endured, must, if possible, be prevented.

The State have undertaken a farm school for the reform of juvenile offenders, and several of the counties in the State keep a farm school for preventing youth, from becoming offenders, by securing to them that early moral and industrial training, without which, boy are ruined.

It is encouraging that the experiment of the labors of a private Police Missionary the last summer accomplished much good and met the concurrence of many of those parents who without such aid could not control their children.

It is not for us to be offended at the remark of 'D,' that we have 'occasionally' treated of the subject of 'reclaiming and saving the children and youth of our city.' The occasions have not been few in which we have labored in that direction at our desk, in the street and in the school, and we do not care to boast of it, especially as our efforts have not been commensurate with the public need of such labor. We know that the community are much in the dark, regarding juvenile delinquency and the methods of its prevention and we know too, that with the necessity there is for waiting patiently for the light, there is too great a willingness to wait, consciously. If 'D,' or any other man, can awaken public attention and excite the public interest, and make the public benevolence to better for this, as we shall rejoice, and will even consent that his sarcasm may flow in a turbulent stream.

☞ The Portland News refers to several of the young clergymen who have recently been settled over some of the oldest and wealthiest churches in the State, as men of high prominence in their profession, and who belong to a new class of clergymen who have sprung up of late years, to the relief of society from an old order: among these the News says 'may be mentioned Rev. Mr. Fiske of Bath, Rev. Mr. Alden of Yarmouth, Rev. Mr. Kellogg of Harpswell, Rev. Mr. Webb of Augusta, etc. This class is composed of men who live in the present age of the world, who view the church and society at large from a modern stand-point and observatory, who are not covered all over with the dust and rubbish of the past, and bound down to a rusty iron bed by the cobwebs of the old theologians. They do not teach strictly by the old arbitrary book-rules, and fill up their minds and sermons with the antiquated notions of men who lived in other ages. While they endeavor to profit by the past, and to preserve the religion received from Heaven in the beginning, they remember to live in the present—to take the world as it is—to look at society as it has become since old rules were made, and old dogmas laid down. They study men as well as books, and endeavor to be useful in their day by knowing a living generation and adapting themselves to it.'

Iowa Legislature.

In the House a bill has been passed rendering stockholders in all companies liable for the entire debts of the corporation. It is also proposed to remove all free persons of color emancipated in other States and hereafter settling in Iowa, and disqualifying those who are already settled there from acquiring any additional real estate.

It does not look well to see a young and vigorous State burying itself in the past, and casting aside the true ideas of freedom which so eminently belong to youth and in so becoming to its fresh anticipations and its large hopes. By pursuing the course which has been marked out for her, she will bind shackles upon her own limbs: will limit the value of her resources: will stint her enterprise; will make herself a by-word and a warning to those who thinking, freedom loving of the race.

Returned Californians.—Franklin Stone and Charles Baxter, of Gardiner, arrived on Tuesday last. Capt. Bailey, of Pittston, commander of one of the Pacific steamers, has also arrived. Samuel Locke, and Wm. Clark, of Belfast, returned last week. The former emaciated to a skeleton, was unable to walk after leaving San Francisco, and whenever he moved he was carried by Mr. C., who in fact carried his friend across the Isthmus.

The recent cold weather seems to have reached even the 'Island of Rhode Island.' Last Thursday night is said to have been the coldest night experienced in Newport since January 25, 1818, the thermometer standing at zero.

Town clocks of the 23d ult. have been repairing. Gen. McCullough's Rangers have had a fight with the Indians, and Lieut. King was wounded in the breast with an arrow.

Support of Police Missionary.

To the Editor of the Daily Whig and Courier

As you have occasionally taken a deep interest in that reformation of the vagrant and the comfort of the, poor, and destitute children of our city, and if I mistake not, was one of the Executive committee chosen or appointed at a public meeting of the citizens of this city in May or the first of June last past to take into consideration the subject of non-attendance at the public schools, of a large number of idle and vagrant children, together with the causes thereof, and the remedy therefor; and to provide such as were destitute of suitable apparel. At said meeting a plan was adopted of employing a 'Police Missionary,' whose business it should be, to seek out, and induce such children to attend school, as from the neglect of their parents, or their own vagrant or truant disposition, or wayward dispositions, or for the want of suitable apparel could not attend. Said Missionary to devote his time to the moral, social and intellectual wants of such children, and also to labor with the parents and endeavor to convince them of the necessity of education of their children; and in order to carry out this plan, it was proposed to raise by voluntary subscription the sum of *one thousand dollars*, to be placed in the hands of your committee for the purpose. To complete this plan, and carry it into effect, a sub-committee was appointed, of some from each religious society in the city, consulting a committee of some thirteen or fourteen members, each of whom was furnished with a subscription paper by the Secretary of said meeting, with a hope and belief that a warm interest would be taken in this matter. Let us see now how the case stands. On inquiry of the treasurer of the executive committee, I find that he has received from Rufus Prince, Esq. $20, collected in the 1st Baptist Society, and that he has received no response of five or from any other quarter. As the Missionary who had voluntarily undertaken this arduous duty, and who attended it in the unwonted fidelity for more than six months, to several of our schools, officially, as one in York street and some others can attest—having closed his labors and left the city, would it not be well, through the columns of your paper, to notify the executive committee that this sum is lying idle, and should it be expended in some way, it will beat propriate the intention or the cause for which it was intended? I would therefore propose (if Jimmy be allowed to do so) a distribution of this money among the members of these committees, to compensate them for their arduous and valuable services in this cause. It would give them a dollar each and perhaps leave a surplus sufficient to pay the printer for publishing the papers for subscription. Or it should be more congenial to the feelings and views of members of the two committees to have it expended for a supper it might perhaps induce a more general attendance and elicit a warmer interest for the destitute and the vagrant.

D.

Donation Party.

BANGOR, Tuesday Morning.

Mr. Sayward—

Why were you not at Rev. Mr. Weaver's party last evening? Everybody was there but you! I can therefore scarcely do your subject as on that of the company, for there was a respectably good looking to which your presence would, no doubt, have greatly contributed. It was gratifying to see such evidence of the love a Christian flock may bear to a faithful band of beloved pastor; and perhaps as much so to learn how much qualities are appreciated by the general sentiment. THE

Great American Remedy

FOR the cure of Coughs Asthma Whooping Cough, Croup, and all diseases of the Chest and Lungs has now been so long before the public, and its reputation so well established, both from recommendations of Physicians, and from the invaluable testimony of individuals of the highest character, that *it has become unnecessary to urge* it upon the attention of the afflicted. It is also a remedy which has been used in the practice of the most eminent Physicians of the day, and is now recommended by them in preference to any other medicine for the same and kindred complaints. As a family medicine it can never be outdone. In double the usual dose it almost instantly relieves the child in the first stages of croup, and relieves and cures it immediately. For quite a number of years it has been the favorite and universal remedy in all the cases named. None of the most celebrated and skilful Physicians

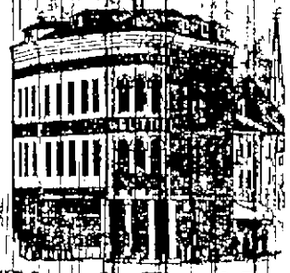
DR. GAY'S



Blood Purifier.

THIS low but powerful preparation of the Blood has proved itself the most effectual remedy ever discovered for the following diseases and is the only medicine that can be relied upon in the most malignant cases for a thorough effect but it is now known to the public

Humors and Diseases

of the Blood that require its use Its action is decided upon the skin but most obnoxious humors are thrown off by it

SCROFULA.

This dreadful disease yields to the virtues of DR GAY'S *BLOOD PURIFIER* The complete conversion of the most inveterate cases of Scrofula by the use of the Blood Purifier will be found on trial to be almost incredible to those unacquainted with the wonderful chemical combination of its ingredients by which the blood, the source of life, is made to throw off the disease and the system restored to perfect health

Mercurial Affections.

Diseases caused by the improper use of Mercury are totally cured by the use of the Blood Purifier and are also Mercurial Rheumatism Mercurial Dropsy Mercurial Loss of Appetite &c &c

Pimples on the Face

are entirely removed by using one or two bottles—in fact all humors are quickly driven from the system by the use of this powerful purifier

CONSUMPTION!

The first symptoms of consumption are a tickling sensation in the throat and a cough which is at first slight but gradually increases in violence as the disease progresses Dr GAY'S *BLOOD PURIFIER* is a remedy which will cure the most inveterate cases of consumption in its first stages and will relieve the most confirmed cases in a short time by removing the cough and causing the patient to expectorate freely and easily

Excessive Strength

and debility of the blood is the cause of nearly every disease that afflicts mankind and the Blood Purifier will be found a powerful tonic to remedy this evil not only by the abundance of nourishment which it gives to the blood but by the purifying process which it performs upon the blood so that the system receives no more nourishment than it can use to advantage Many persons have been restored to perfect health by the use of this medicine after they had been given up by their physicians as incurable

Children of a Scrofulous Habit,

and those who are suffering from any kind of humor will find it very pleasant to take as it is very mild in its operation and will not gripe or purge the little sufferers

BRONCHITIS

and Diseases of the Throat and Lungs—DR GAY'S *BLOOD PURIFIER* has a wonderful effect upon these and all Pulmonary Complaints These diseases are caused by a hopeless state of irritation in the membranes of the Throat and tubes leading to the Lungs The *BLOOD PURIFIER* by its healthful operation upon the blood removes the cause of the disease and the lungs having nothing to irritate them are completely and effectually cured

For the manner DR GAY'S *BLOOD PURIFIER* corrects any bad effect usually found

Chronic Complaints

and Diseases of long standing Impure or weak and impoverished Blood

BRANT'S PURIFYING EXTRACT

Is now put up in QUART BOTTLES, and is of the same medicinal strength and efficacy as it is in the small bottles

The great superiority of THE PURIFYING EXTRACT *and all other sarsaparillas made and sold by us consists in the fact that we use in the manufacture of the Extract the essential principles only from the following roots, and not the woody fibre, which is found in any bottle of medicine, and all of which is of no use in purifying the blood*

But, furthermore—there is THIS *further advantage in the use of the Extract of Sarsaparilla, &c, made by us, that it is prepared in such a manner as to retain the full medicinal virtues of the roots, herbs, barks, &c, of which it is composed, and which are entirely lost in the usual mode of preparing medicines from the same roots, herbs, barks, &c, by decoction, as is done by all other manufacturers of Sarsaparilla*

Sarsaparilla, Yellow Dock Cherry and Sassafras Barks,

are, I repeat, more powerfully concentrated, and consequently more effectual, when made into a Fluid Extract, by the process employed by us, than they are when made into a decoction, as is done by all other manufacturers of Sarsaparilla

Roots, Barks, and Vegetables,

the Purifying properties of which are left in a state of fermentation, and of course rendered comparatively inert and useless, when made into a decoction, as is done by all other manufacturers of Sarsaparilla

Only One Tablespoonful, three times a Day

But I would say to you that if you will take *Brant's Purifying Extract* for from one to two weeks, according to the severity of your disease, and then leave off for a few days, and then take it for from one to two weeks more, and so on, you will find more benefit than if you were to take it for four, six or eight weeks in a continued course Therefore a package will be sent to any person who will pay the express charges and if they have been used by them according to directions and do not prove as recommended the money will be refunded

Four, Five or Six Bottles,

which will be a Series of Brant's Purifier will cure from Twelve to Sixteen Days for any of the diseases named and made a perfect cure in the most obstinate cases of Scrofula, Erysipelas, Salt Rheum, Barber's Itch, Blotches on the Face, Pimples, Ringworm, Tetter, Scald Head, Ulcers, Sore Eyes, Rheumatism, Dyspepsia, Liver Complaint, Piles, Fever and Ague, Fever Sores, Female Complaints, Nervousness, Sick Headache, Dizziness, Pain in the Side, Breast and Limbs, Boils
